## 1. Mission

Psychology is the study that aims to scientifically investigate human behavior and psychology to improve the quality of human life. It seeks to uncover how the mind and behavior work, studying how human mental and behavioral processes unfold and how they interact with natural and artificial environments within complex societies.

Psychology is a field that focuses on the human mind and behavior, covering a wide range of topics. It is divided into basic and applied psychology. Basic psychology deals with fundamental psychological processes, including developmental psychology, social psychology, personality psychology, neuropsychology, cognitive psychology, perception psychology, and learning psychology. Applied psychology uses the knowledge of basic psychology to address societal issues and enhance quality of human life, including health psychology, advertising psychology, criminal psychology, industrial psychology, counseling psychology, consumer psychology, clinical psychology, and organizational psychology.

		Required for Major	33744	Graduation Thesis	0
	All Years	Approved as Major	21025	Principles of Marketing	3
		Approved as Major	21378	Sports Psychology	3
		Elective for Major	25157	Project	2
		Elective for Major	34010	Startup Field Training (1)	3
		Elective for Major	34097	Startup Field Training (2)	3
		Elective for Major	34188	Long-term Startup Field Training	15
		Required for Major	34243	Step by Step Career Development	1
		Elective for Major	35878	Field Placement (1)	3
		Elective for Major	35956	Field Placement (2)	3
		Elective for Major	36034	Field Placement (3)	3
		Elective for Major	36113	Full-Semester Field Placement	15
Elective for Major	39266	Field Placement(4)	5		

#### 4. Branches of Psychology

##### 1) Clinical Psychology

Clinical psychology is the psychological specialty that provides continuing and comprehensive mental and behavioral health care for individuals and families; consultation to agencies and communities; training, education and supervision; and research-based practice. It is a specialty in breadth — one that is broadly inclusive of severe psychopathology — and marked by comprehensiveness and integration of knowledge and skill from a broad array of disciplines within and outside of psychology proper. The scope of clinical psychology encompasses all ages, multiple diversities, and varied systems.

Reference website: [www.kcp.or.kr](http://www.kcp.or.kr)

##### 2) Counseling Psychology

Counseling Psychology is a specialty within professional psychology that maintains a focus on facilitating personal and interpersonal functioning across the lifespan. The practice of Counseling Psychology encompasses a broad range of culturally-sensitive practices that help people improve their well-being, alleviate distress and maladjustment, resolve crises, and increase their ability to function better in their lives. With its attention to both normal developmental issues and problems associated with physical, emotional, and mental disorders, the specialization holds a unique perspective in the broader practice-based areas of psychology.

Reference website: [www.krcpa.or.kr](http://www.krcpa.or.kr)

##### 3) Industrial and Organizational Psychology

Industrial and organizational psychology (I/O psychology) is the science of human behavior relating to work and applies psychological theories and principles to organizations and individuals in their places of work as well as the individual's work-life more generally. I/O psychologists are trained in the scientist-practitioner model. They contribute to an organization's success by improving the performance, motivation, job satisfaction, and occupational safety and health as well as the overall health and well-being of its employees. An I/O psychologist conducts research on employee behaviors

and attitudes, and how these can be improved through hiring practices, training programs, feedback, and management systems.

Reference website: [www.ksiop.or.kr](http://www.ksiop.or.kr)

#### 4) Cognitive Psychology

Cognitive psychology involves the study of mental processes—all of the things that go on inside your brain, including perception, thinking, memory, attention, language, problem-solving, and learning. There are numerous practical applications for this cognitive research, such as providing help coping with memory disorders, increasing decision-making accuracy, finding ways to help people recover from brain injury, treating learning disorders, and structuring educational curricula to enhance learning.

Employing action methods, students use spontaneous dramatization, role playing, and dramatic self-presentation to investigate and gain insight into the lives of other human beings.

### 2) Psychiatric Ward

This club participates in active discussions about topics related to recent social issues. A goal this club especially emphasizes is the culturing of close relationships among psychology major students.

## Academic Resources

### 1. Registration

-Website log in: <http://sugang.kmu.ac.kr> (first-come-first-served basis)

-Website for course registration: EDWARD portal on the left of school (<http://portal.kmu.ac.kr>)

-How to check course registration details:

EDWARD System → Academic Administration → Lecture → Course Registration -Manager →

Check Course Registration

-How to check lecture schedule:

EDWARD System → Academic Administration → Lecture → Course Registration Manager →

Check Lecture Schedule

#### **\*\* Course Pack \*\***

Course Pack is the system where you can store your intended subjects prior to actual course registration like 'shopping cart'. There is a certain period for Course Pack before the date of course registration. The subjects saved in Course Pack are easily registered through the entry of simple code without any subject number on the date of course registration.

EDWARD System → Academic Administration → Lecture → Course Registration Manager →

Application for Course Pack

#### **\*\* Course Changes (application) \*\***

Courses can be changed during the second course registration period (during the first week of classes). For information on the change of subject, please visit EDWARD System → Academic Administration → Lecture → Course Registration Manager → Check Change of Lecture

Schedule and fill up the relevant form and submit to the administration office within the period of additional registration.

## 2. Bachelor's Degree Guide

### 1) From the 2024 Academic Year

Field of Study	Type of Study	Study Credits	Credits per course	Courses	Year of Study
General Studies	Common Liberal Arts	12 credits	0-3 credits	*Chapel(1), Chapel(2) - P Credits (required course) *College Life and Career Design (1 credit), Cultural Liberal Arts Seminars and Discussions(3 credits), Christianity and Keimyung Identity(2 credits), Global Citizenship (1 credit), COLLEGE ENGLISH(Completion of designated subjects among I, II, III) (3 credits), AI and Computational Thinking (Online class) (PF; 1 credits) Smart Business and Entrepreneurship Basics (Online class) (PF; 2 credits)	1st year  2nd year
	Balanced Liberal Arts	15 credits	3 credits	A minimum of 18 credits should be earned without distinction between Balanced Liberal Arts subjects (it is recommended to complete a balanced selection across different areas) and General Liberal Arts subjects.	1-4 years
	Basic Studies	0 credits or more	3 credits	Military Science, Lifelong Learning Educator Course, Remote Classes through Inter-University Exchange, International Exchange Students, K-Humanities Core Curriculum, Common Liberal Arts Substitution for International Students, Credits Recognition for Overseas Language Training, etc.	2-4 years

	Major Required	69 credits or more	0-3 credits	At least 69 credits, including at least 54 credits in major (primary), plus other major. * Students must complete the required core subjects (Introduction to Public Administration (1)), and graduate with a foreign language lecture in the Public Administration Department (1) or sufficient TOEIC score.	1-4 years
	Major Elective		1-3 credits	Major Elective Courses	2-4 years
Graduation Credits		Total 130	Common Liberal Arts 15 credits + Balanced Liberal Arts 15 credits + Basic Studies 30 credits + Major Required 69 credits		

### 3. Leaves of Absence/Returning to School

Application for Leave of Absence:

EDWARD System → Academic Administration → School Register → Register Change Manager  
→ Apply for Register Change (Leave of Absence)

Application for Return to School:

EDWARD System → Academic Administration → School Register → Register Change Manager  
→ Apply for Register Change (Return to School)

### 4. Failure and Expulsion

- Academic Probation: A student holding a 1.50 GPA for the semester. However, the student's final semester is excluded.
- Expulsion due to Academic Probation: A student receiving academic probation for 3 consecutive semesters
- A student being regarded as being beyond hope of academic achievement due to illness.
- A student not having registered or not having submitted the application for extension of leave of absence within the time specified after leave of absence.
- A student entering another university.
- A student not having registered within the time specified.
- A student being subject to expulsion due to academic probation.
- A student being subject to expulsion due to disciplinary action.

### 5. Transcripts & Certificates of Enrolment

Transcripts & Certificates: EDWARD System → Academic Administration → Transcripts  
/Certifications

## Services for Students

### 1. Counseling

-Ask for Counseling: EDWARD System → Academic Administration → Counseling → Integrated Application for Counseling

-Academic Advisor: EDWARD System → Academic Administration → Basic Register Manager → Personal Information → Academic Advisor can be checked.

### 2. Academic Difficulties

Get help from your advising professor or a counselor or use student counseling center

-Student Counseling Center

(Student counseling center work, general counseling related work management, new student aptitude search examination, sexual harassment consultation office work, homepage management work)

- Contact person: Park, Kyunghee ☎ 580-5811
- Study Consultation ☎ 580-6300
- Psychological examination ☎ 580-5745
- Individual group counseling ☎ 580-5743
- Educational support ☎ 580-5744

Location: No. 1125, 1st Floor, Bauer Building, Campus advisor on issues such as employment, business start-ups, and career path.

Website: <http://kmusangdam.org/>

### 3. Student Employment

When the student's first job is an internship (15 academic credits) during the student's second semester of 4th year, the student can work for a company linked with the school by recommendation of the professor (annual change and recommendation company change)

<Confirmation of Employment of Early Employment for the Upcoming Graduation Semester>

-Eligibility: Early employment students during the final semester

-Attendance Recognition: Classes during the period of employment

A) The whole period of confirmed employment as an early employee who is expected to graduate

B) The period of employment due to leave from school midway.

- Confirmation of Employment and Attendance Recognition Procedure

### Step 1: Confirm Employment

- (1) Application for confirmation of early employment (within two weeks of the start date)
- (2) Confirmation of early employment (confirmed by the employment support team)
- (3) Release of early employment confirmation certificate (within one week after confirmation)
- (4) Submission of confirm certificate to the course professor (within 2 weeks of the date of entry)

### Step 2: Attendance Recognition Procedure

- (1) Attendance application (before the end of the semester examination)
- (2) Recognition of Attendance (Recognition of Attendance is often accepted by the Employment Support Team after applying for attendance)
- (3) Acknowledgment of attendance (before the regular examination end date)
- (4) Submission of certificate of early work attendance to subject professor (before the end of semester examination)
  - Confirmation documents for each type of employment: Documents related to employment confirmation and attendance recognition by the employment support team, and the student prints a certificate of employment and a certificate of attendance in the EDWARD system and submits it to the professor in charge of the curriculum.

## 4. Compass K

### ► Introduction of Program

- Developed to enhancing learning capability and job competitiveness of current students
- Consisting of 7 sectors: goals management, major, globalization, IT, volunteer service creativity, career and employment
- Classifies student's learning capability into 18 items to be managed.

### ► Purpose of Point System

- To set career objectives earlier and to give motivation for developing learning capability
- To manage competitiveness in employment through preparation for individual portfolio
- To manage job seekers and successful candidates in employment
- To organize program: career search, career counseling, capability management
- To grant scholarship in the form of point for capability development
- Point approvals: the items related to grade evaluation and credit acquisition are automatically processed on the system.
- After the student enters the information on the web, he / she must provide evidence (certificate or original certificate) to administration.
- One achievement is recognized as an ability in a single sector. (One achievement cannot be recognized in two or more sectors.)

How To Use: EDWARD System → Academic Administration → See user guide on Compass K

## 5. Health and Counseling Center

▶ Health Examination Center: Implementing free physical checkup service on an annual basis to help students to find disease in advance

-Period of Application: Mid March (to be notified on website) / EDWARD System (early March)

### Health Check Request

EDWARD System → Academic Administration → Student Support → Apply on Student Health Examination

### ▶ Sexual Harassment Counseling Center

- Providing appropriate education and counseling services for coping with and overcome the damage from sexual harassment and violence and for continuing healthy life

- Aims at contributing to the establishment of sense of values about sex and the settlement of healthy sexual curiosity through preventive education.

- A open place not only for healing damaged mind from sexual harassment or violence but also counseling students who worry about sex and dating.
